The International Mental Health Leadership Program (iMHLP) has been hosted by the Centre for International Mental Health for 12 years running and boasts 200 alumni from 18 countries who are demonstrating creative and sustained leadership in the development of effective, equitable, affordable mental health services.

This year the iMHLP will be held from October 14th to November 8th 2013. Interested individuals can contact...

Since the Refugee Youth Seminar in May 2012, the idea of creating a network to continue discussion and knowledge exchange between interested participants has been discussed. At the seminar, it was acknowledged that such a network would help participants stay in touch, up to date on relevant research and other related initiatives.

A Youth Refugee Network (YRN) has now successfully been established and has been running since late 2012. The YRN is an email list service that acts as a virtual network whereby all members can share any information that relates to refugee or migrant issues.

Interested individuals who...
